

Fight blood cancers by supporting the Leukemia Cup Regatta

Join Chicago sailors in the fight against blood cancers by sponsoring the Leukemia & Lymphoma Society's Leukemia Cup Regatta. LLS-funded research and discoveries fight blood cancers, and have far-reaching applications that advance cures in other areas.

Research

LLS drives research in areas of unmet medical need, and helps to bridge the gap between academic discovery and drug development.

Patient access

LLS exists to find cures and ensure access to treatments for blood cancer patients. As the leading source of free, highly specialized blood cancer information and education, we support patients, survivors, families and healthcare professionals.

Fiscal responsibility

LLS ensures 85% of every dollar raised directly funds research and patient services.
